## **Business Opportunities in Andalucía Seminar**

The foreign community is very important to the Costa del Sol because of its size, diversity, length of time that it has been here and of course because of its business investments.

One of the strategic targets of the regional government, **Junta de Andalucía**, for this area is that foreign residents further develop their business activities, creating more companies, which are larger and stronger, more innovative and better connected and integrated in the region.

For this purpose CADE Marbella, Malaga Chamber of Commerce and Unicaja are organising the **Business Opportunities in Andalucía Seminar**, a meeting point for all people aiming to start doing business in Andalusia or for existing business people to expand their activities.
